*Can a friendship
last
when fame
takes
center stage?*

*The Archimedean Middle Conservatory Drama Club
proudly presents the new, original play
“**Spotlight**”!*

*It is the story of the friendship between 13-year-old Grayson Morris
and 15-year-old Sophie Carlson. Being a teenager isn't easy and
growing up comes with heartache... As Sophie realizes her musical
talents have made her one of the most popular students in the school,
Grayson tries his best to impress her and face
his biggest fear; the school's football team captain,
16-year-old Brandon Cooper.*

*Friends turn into foes, words turn into actions, and the whole school
starts realizing that, before anything else, the spotlight should always
be on standing up for what's right.*

*Featuring favorite hits from the 80s, this musical adventure will take
us 30 years in the past and remind us that doing the right thing is
always worth it!*
