On February 19th, our new Drama Club will take us on a journey to Ancient Greece with "Helen", an original AMC theatrical production.

Based on the Greek Myths and the Ancient Greek play of the same name by Eurypides "Helen" explores the story of the legendary queen of Sparta from a different, dynamic perspective.

Gods, kings, queens and unlikely heroes are all part of this mythological feast, where Helen realizes she needs to find her own place in the world and fight for what's right!

Our AMC Drama students bring this play to life beautifully and invite you all to join them and share their talent with you!
